

HOW IT WORKS

- 1.** Simply fax (**01242 292 192**), scan/email a PDF to info@buyingsupport.co.uk or post your latest 3 months copy invoices for those categories that you want us to review and which you are happy to switch supplier as long as we can prove significant cost savings.

We will then contact you to understand your requirements in greater detail to ensure that we have a level playing field when comparing prices and value. You will also need to send the signed membership form at this stage.

- 2.** Within 10 days we email you the results of our competitive tender, clearly showing you the cost savings that your business will enjoy by joining the BSA Consortium.

We then invite the best value supplier to visit you, to reassure you that they are a quality supplier.

To enjoy the cost savings you then start ordering directly from the new supplier, knowing that we are continually monitoring their service levels and keeping in touch with you for as long as your company is a Member.
