

Let SR Consulting and BSA work together with you to protect your care business as pressures on the sector continue to grow.

“ Client Testimonials

I hadn't seen this level of business support service tailored to the care home sector before, which given the current economic challenges is timely. The 'Barometer' has helped to clarify our business priorities. And BSA Buying Group has opened our eyes to the opportunity to use third party procurement expertise to cut business costs.

Ian Coldrick, Sequence Care Group

Using SR Consulting's Business Barometer has helped me to understand where I need to focus my efforts and attention as it has highlighted hot-spots for action – a very worthwhile process to go through for any business.

Chris Bateson, Horizon HR

I am very pleased that we decided to work with BSA. Their support with our tender exercises has helped secure best value which was recognised by Ofsted in their Best Practice Case Study in Value for Money.

S.Forster, Vice Principal, Alton College

We have been delighted with the procurement advice and training given by the BSA, enabling us to achieve efficiencies through improved purchasing practices.

T.Knight, Chief Executive,
Severn Vale Housing Society

How's your Care Business doing?...

Affordable Business Support for the Care Sector

How well are you doing as a business?

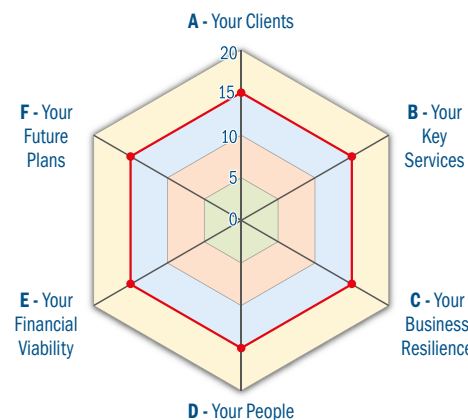

By combining our different skills, BSA and SR Consulting have developed a unique package to address all key aspects of business performance within your care group.

- Is your care group performing as you would like as a business?
- Are you well placed to weather the storm coming from increased costs and reducing revenues?
- Do you have a chance to step back from the pressures of the day to day and think about your care group from a business perspective as well as meeting the necessary standards of care?

If any of your answers are not a resounding 'yes', then a great step forward is to make use of our specially tailored care group business barometer. Our barometer hones in on all key aspects of running a care group from a business perspective, with the process giving you an impartial, expert and insightful sounding board to help you take your aspirations forward.

What value does the Business Barometer bring to my care group?

- Greater clarity on where your business is performing well and highlighting areas that require attention.
- It provides a great opportunity for your Executive Team to discuss your business, candidly and confidentially.
- At the end of the three hour session, the barometer's reporting tool gives you an immediate insight into how your business is doing, and acts as a useful springboard for discussing future actions to enhance the performance of your care group.

SR Consulting
Insight - Solutions - Support

How well are you managing your running costs?

BSA Buying Group delivers significant cost savings (up to 58%) across overhead cost categories relevant to care homes. We gather information about your spend, tender your specific requirements and then introduce better value suppliers. You keep all identified savings from day one.

Cost categories covered include...
