

Let BSA4Sport do all the hard work of finding the best value deals, and bringing them all together in one place for you.

Beat rising business costs

“ Client Testimonials

I'm so glad that I agreed to work with BSA4Sport Buying Group; they've saved 39% off our telecoms costs, 15% off our water bills, without any deterioration in quality or customer service. That's given our club's cash flow a real boost. I'd recommend BSA4Sport Buying Group to any sports club.

T. Rawlinson,
General Manager,
Ringway Golf Club

We engaged with the services of BSA4Sport Buying Group recently to review our costs across our 19 leisure centre sites. We've been delighted with the results so far, with over £60k of estimated annual savings identified so far across janitorial, workwear, PPE, office supplies and water. We're now reviewing other running costs with BSA4Sport and expect to improve our cashflow and profitability significantly thanks to their buying power and procurement expertise. We would definitely recommend BSA4Sport Buying Group to other leisure centres and sports clubs.

J. Simpson, Finance Manager, Abbeycroft Leisure

Save
time,
boost
profits

In these uncertain times, all sports clubs and leisure centres must focus on reducing overhead costs. But time and resource pressures, lack of buying power and perceived lack of priority means that costs often creep upwards.

BSA4Sport Buying Group offers a boost to your cashflow and improved service deals, freeing up more time to focus on more business-critical activities.

Most clubs and leisure centres have never compared their supply deals with others in the sector, so have no idea whether they're enjoying best value. So don't act in isolation - use BSA4Sport Buying Group to independently validate this.

Cost categories covered include...

Utilities

Telecoms

Office
Supplies

Tax Reclaim

Parcel Courier
Services

Credit Card
Fees

Packaging

Cleaning and
Hygiene Supplies
